I make crochan dolls and my own patterns for them. Someone gave me a challenge. She wanted me to make her versions of a lady of Chapā © u rose (the youngest group of ladies red hat ladies). Her body had to look tanned, so I used a clear brown thread. The doll had to be wearing a low -cut pink blouse, lavender miniskirt, cowboy boots and cowboy chapen. As you can see, I used wires in these colors to make her clothes. She also wanted her to be carrying a bag with bangs of pisses. I made the bag using the pink pink wire and used a decorative botan as a closure. I added the good rose I did with fun skin threads like an added pea. I think it would not do nothing different if I did it again. 30.90 - 26 (15% discount) Bibloo30.90 - 26 (15% off) Bibloo32.90 - 28 € Ády 28 (15%) Bibloo36.90 - 31 (15% off) Bibloo30.90 à € áferences 28 (10% off) Bibloo32.90 € áferençe 28 (15%) Bibloo36.90 Á »31 ' (15% off) Bibloo28.90 € áferençe € áferençe € € € Ády € ± € Ády € Á isoner € Á isoner € € € Ády 28 (15%) Bibloo32.90 Á € Á . - 28 - 15% discount) Bibloo28 .90 26 (10% off) Bibloo30.90 Á € Ády 28 (10% off) Bibloo28.90 € Ády 26 - 10% off) Bibloo28 .90 '26 (10% off) Bibloo28.90 € à Á € Ády € Ády € Á isoner € € Ády € Á isoner à Á € € € áferençe 23 - 20% off 20%) Bibloo28.90 € Ády 27 - (5% off) Bibloo22.90 € áferençe € à ° € à Á € € € Ády (20%) Bibloo32.90 € à nal € € Ády lyng € € ours (15%) discount) Bibloo30.90 € Z (15%) bibloo you are reading the business of ádia, an international franchise of entrepreneurial mother. When you think of saving and investments, they are the usual ideas that arise in your way. The usual course is to open a fixed department or recurring department account and patiently expect the returns to start in. "the creditors of our platform are gaining a midship of approximately 20% p.a, proving that women tend to invest wisely; know how to take calculated risks, can meticulously diversify their investment portfolio in different borrowers and therefore end up enjoying better returns,"said gandhi. Meanwhile, keerti kumar jain, founder and ceo, of any loan at any time, shared the following statistics of his platform on creditors. without dependence, thanks to technology the growing oo of technology also tornu people more financially independent. history is no different for women investors who now have greater access to financial products. subramanya s v, co-founder and ceo of fisdóm, said that due to greater awareness, women are now looking for a variety of financial products including mutual funds and insurance products. "on our platform, 35 % of customers are women. the new era models based on applications have paved the way for greater penetration and are allowing women to take charge of their finances," he said. a long-standing belief was that insurance is mainly for men, as insurance ensures the future cash flow. but now, financially independent working women are also realizing their importance and ensuring their future. Although the number is not high, there is a great change that will eventually lead to higher numbers, believe in subramanya. 16 show less show all 16 products: 16 show less show all 16 products: skip to main content skip to footers content skip to content main content for the footer recentlyRecently recently viewed recently viewed recently viewed viewed the best selling salespeople.
