Check for compatible PC Apps or Alternatives Or follow the guide below to use on PC: Select the PC version: If you want to install and use the X AIR app on your PC or Mac, you will need to download and install the Bluestacks app or the Nox App >>. Most of the tutorials the web recommends the Bluestacks app and I might be tempted to recommend it too, because you are more likely to easily find solutions online if you have trouble using the Bluestacks application. Once you have found it, click it to install the application or exe on PC or mac computer, now click below to accept the license agreement, follow the directives on screen to install the application correctly, if you do the above correctly, the emulator application will be installed correctly, step 3: for pc - windows 7/8 / 8.1 / 10/11 now, open the emulator app that has installed and search your search bar, once you found it, type x air in the search bar and press the search, click on x Air Application icon, you will open a x air window in play store or in the app store and display the store in your emulator app. Now, press the install button and drop me on an iphone or android device, your application will start downloading, now we're all done. You will see an icon called "all applications," click on it and take it to a page containing all so installed applications. You should see the icon, click on it and begin to hear the application. Step 4: for mac hello. Mac user! the steps to oar x air for mac are exactly like those of the previous windows operating system, all you need to do is install the nox app emulator or bluestack on your macintosh. links are provided in step one needs help or cannot find what you need.
